

# How To Withdraw Money from an ATM ?

## Step 1

Insert your debit or ATM card into the slot provided in the ATM machine.

## Step 2

Choose the language you would like to see the instructions in.

## Step 3

Enter your 4 digit pin number and press enter.

## Step 5

Collect cash from the ATM machine.

## Step 6

Choose if you would like to do an additional transaction and also if you would like to receive a printed receipt. Once done, collect your card from the slot.

A financially aware and empowered India.
